

THE BLUE JACKET

The FFA jacket represents leadership, belonging, pride, growth and opportunity.

Through Blue Jackets Bright Futures, Minnesota FFA members with demonstrated financial need receive a personalized official FFA jacket and tie or scarf, ensuring financial barriers don't prevent students from fully participating in FFA.

Blue Jacket.*

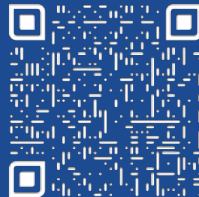

OPEN THE DOOR TO OPPORTUNITY.

Help a student put on the blue jacket—
and discover their potential.

One jacket can
create opportunities
that last a lifetime.

BRIGHT FUTURES

Minnesota FFA FOUNDATION

EVERY STUDENT DESERVES TO WEAR THE BLUE JACKET

An FFA jacket is more than a uniform. It represents:

- Leadership
- Belonging
- Pride
- Personal growth
- Opportunity

When students put on their blue jacket, they become part of something bigger than themselves.

ABOUT THE BLUE JACKET PROGRAM

The Blue Jackets Bright Futures program helps ensure every student has the opportunity to participate, regardless of financial circumstances.

Nearly 40,000 Minnesota students are enrolled in Agriculture, Food and Natural Resources education courses and approximately 16,000 students are Minnesota FFA members.

HOW IT WORKS

STUDENT APPLIES

Students submit an application for the Blue Jackets Bright Futures program.

COMMITTEE REVIEWS

A committee reviews applications and selects students based on program criteria.

JACKET AWARDED

Selected students receive a personalized official FFA jacket package.

FUTURES BRIGHTENED

Students gain confidence, belonging and access to meaningful FFA experiences.

YOUR GIFT MAKES A DIFFERENCE

Your gift helps ensure financial circumstances don't keep a student from experiencing the life-changing impact of FFA.

A blue jacket can help a student:

- Build confidence and pride
- Feel included alongside their peers
- Participate in FFA conferences and competitions
- Attend State FFA Convention
- Explore careers and develop leadership skills
- Experience all that FFA has to offer

Together, we are creating brighter futures...one blue jacket at a time.

Did you know...

Did you know students taking three or more Career & Technical Education courses including agricultural education—graduate at a rate of 98.7%, nearly 10 percentage points higher than the state average.
